

LV202-E UV EXPOSURE UNIT

PART NO: 300-001 LV202-E UV EXPOSURE UNIT

A six-minute mechanical timer is fitted which also acts as the mains switch. When the control knob is rotated to the required time the power is turned on and the exposure commences. The timer clicks off as soon as the exposure is completed.

Model	Working Area	Timer	UV Output	Dimensions	Weight
LV202-E	9 x 6.25" 229 x 159 mm	6 mins.	2 x 8W (2.5 mW/cm ²)	420 x 175 x 90mm	4.0 KG
