

Motorized Standard Surface Electric Scissor Lift Desktop Sit-Stand Workstation

pro-SIGNAL

Description

Sit-stand workstations are the easiest and the most versatile method to convert any desk to sit-stand desks. Best of all, there is no need to replace existing furniture and desks—simply unbox and place the workstations on the desktop. 50-25005 even makes the easy products easier. Powerful motor lifts heavy load on work surface with a touch of button. The motor driven mode avoids the awkward forward posture while lifting regular workstation—the posture increases the heavy load on lumbar area. Quiet motion prevents interrupting the working environment. Sophisticated motion control generates smooth and stable adjustment.

Features

- Strong motor ensures a very high stability level
- Easy-to-Use press controller makes height adjustment easy
- Spacious surface for placing more devices
- Cable management keeps everything organized

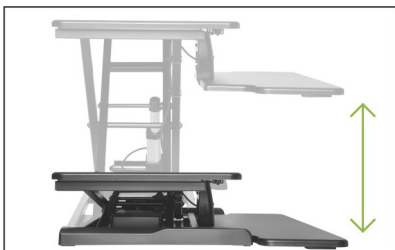

Specifications
