

Features

- Accelerating performance
- Bundle wires efficiently while reducing operator fatigue
Distance between the trigger and handle is minimized to lower the trigger force necessary for operation, lessening fatigue and increasing comfort for smaller hands.
Easy-to-read tension setting indicator and non-slip tension adjustment knob ensures consistency from one operator to another.
- Built to last in line production environments
Improved internal mechanism design increases long-term tool reliability
Rugged, lightweight cast aluminium body
Optimal blade and tool geometry improves cutting capability for smoother, more precise cuts
- Flexible solution for a broad range of applications
Accommodates all miniature (18lb), intermediate (40lb) and standard ties (50lb) or 0.4" / 10.2mm wide ties
Nose of the tool allows easy access for miniature, intermediate and standard ties (0.4" / 10.2mm maximum width)

Specifications

Tension Settings : 1 – 3

Classifications : Miniature (0.1" / 2.5mm)
