KLEIN TOOLS
EST. 1857

Klein Tools' VDV Commander™ Test Kit is a full-featured voice/data/video cable tester. It locates, tests and measures coax, data and telephone cables to ensure fast and accurate installation. In addition, the Commander detects Power over Ethernet (PoE) and can store and produce test results for easy report management.

Specifications

Special Features:	Accuracy/Measurement Resolution, Active Ethernet detects the link speed and capabilities of the 10/100/1000base-T half or full duplex. Can link to a network at the 10/100base-T; Customisable Setup; Imperial or Metric Results; Multiple Languages: English/Spanish/French; Single-end Cable Testing	**Testing & Measurement Types:**	Cable length measurement to 1,500' (457 m); Miswiring fault detection; Open fault detection; Power Over Ethernet detection; Shield detection; Short fault detection; Split-pair fault detection
Overall Length:	4.375" (111.1 mm)	**Overall Height:**	6.797" (172.6 mm)
Location ID:	20	**Batteries:**	Commander: 6 x AA Alkaline Probe: 1 x 9V Alkaline
Battery Life:	Commander: 20 hours active, 10 years standby; Probe: 25 hours active, 4 years standby	**Included:**	Batteries, ProbePlus Tone Tracing Probe, Carrying Case, Remotes and Test Cables, Telephone Cables with Adapter
Supported Remotes:	(20) F-Connector CoaxMap ID/RJ45LanMap ID	**Display:**	2.7" (68.58 mm) Colour
Multiple-Style Tone Generator:	4	**Weight:**	12 oz (341 g)
