XG4C series MIL Connector - Country of Origin Change

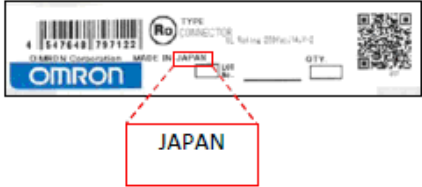

Starting with March 2019 factory shipments, XG4C MIL Connectors will transfer country of origin from Japan to China in the interest of improving productivity. There will be no impact on technical specifications as a result of this change. The part number (suffix only), product code (internal to Omron) and COO markings *will* change. Should you have any questions, please communicate with the Connector Product Manager.

Effective Date:

Effective as of our **March 1, 2019** Shipments

Changes:

Before the change	After the change
