| <b>Description of Changes</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| As part of the production move, we will start to ship TAT-125 tubing products after 28th February 2019 from the Trutnov facility. After this date TE reserves the right to provide qualified products from any of the manufacturing locations during this transfer until the final closure date of Menlo Park location by the end of 2019. As not all part numbers will transfer at the same time customers may still receive Products from the Menlo Park location after this transfer date and due to inventory we will carry to allow this transfer to happen and to minimize impact to our tubing customers. Where necessary TE will continue with internal qualification and testing of products after they are received at the new locations. TE will also be changing the Unit of measure (UOM) for the -STK descriptions. The original UOM was either Feet for the new parts the UOM is Piece . New part numbers for RNF-100 spooled or -STK parts have been issued. |

| <b>Reason for Changes:</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                                                             |
| Dear Customer, we hereby inform you about a transfer of processes. The transfer follows a strict procedure, which fully maintains quality, ability to supply and form-fit-function of the concerned products. The new manufacturing location operates under a certified quality management system in accordance with standard automotive requirements. A TE-internal release test based on the relevant part specifications will be executed before delivery. Upon request, a PPAP Level 2 will be available if it concerns a transfer of a tool which produces a finished TE-product. A PPAP Level 1 will be available if it concerns a component of a TE-product, where the production location of the finished TE-product remains unchanged. If you require such a PPAP, please notify the responsible TE Sales Contact within 14 calendar days after receipt of this PCN |                                                             |
| <b>Estimated Dates:</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                                                             |

| <p>Reference previous notifications 2nd November 2015. PCN's P-15-012191, 012092, 012093, 012194, 012195 and 012196</p> <p>This notification is to inform our customers that TE Connectivity is closing our Menlo Park facility in USA and moving the production to our Trutnov facility in Czech Republic. The receiving facility is already established as a Heat Shrinkable Tubing ("Tubing" or "Products") manufacturing site with Trutnov facility manufacturing Tubing since 2008.</p> <p>As part of the production move, we will start to ship TAT-125 tubing products after 28th February 2019 from the Trutnov facility. After this date TE reserves the right to provide qualified products from any of the manufacturing locations during this transfer until the final closure date of Menlo Park location by the end of 2019. As not all part numbers will transfer at the same time customers may still receive Products from the Menlo Park location after this transfer date and due to inventory we will carry to allow this transfer to happen and to minimize impact to our tubing customers. Where necessary TE will continue with internal qualification and testing of products after they are received at the new locations.</p> <p>TE will also be changing the Unit of measure (UOM) for the -STK descriptions. The original UOM was either 'Feet' for the new parts the UOM is 'Piece'. New part numbers for RNF-100 spooled or -STK parts have been issued.</p> <p>The part number list attached shows you the TAT-125 products that are affected. FYI Standard TAT-125 parts are already manufactured in our Trutnov plant. If you require a PPAP or specific testing please inform us within 90 days of receiving this notification so we can coordinate the documentation and support your requirements. This should be requested from your local customer care representative. Should samples be required a limited range of product is available based on the products used for qualification purposes, please base your sample request around these parts (see attached spread sheet for part availability).</p> <p>After this 90 day period we will begin the transfer. TE will take 'no reply' as customers being satisfied with the TE internal qualification and testing.</p> <p>The release specifications for these products have not changed. In some cases it has been necessary to update the product packaging. Please see the attached spread sheet for product packaging details. For Made to Order (MTO) parts Lead times will be adjusted to reflect the change in distance from the manufacturing location (for USA customer MTO lead times will increase). If special lead times are required please contact your customer care representative.</p> <p>For any questions or concerns please contact your Customer Care Professional.</p> |
