Industrial Labelling Machine

Create professional, durable, laminated labels for cables, faceplates, consumer units and other electrical and datacom installations.

- Dedicated functions to create the most common label types
- 200 symbols including common electrical/datacom symbols
- Includes tape cassette
- Prints 3.5, 6, 9 & 12mm labels
The PT-E110 and its durable tape supplies help ensure compliance with the identification requirements of the wiring regulations.
P-touch E110

Create labels in various colour combinations and widths that last for many years with this professional label printer. With dedicated functions to make common labelling tasks quick and easy, the PT-E110 is an invaluable tool for electricians and other professional trades.

Brother P-touch laminated TZe tapes are available in many different colours and sizes. The thermal transfer ink is sandwiched between two protective layers of PET (polyester film), protecting the text against the effects of liquids, abrasion, temperature, chemicals and sunlight. As the labels have been tested to the extreme, you can be confident of a professional quality label that has been designed to last.

P-touch laminated labels – designed to last

Brother P-touch laminated TZe tapes are available in many different colours and sizes. The thermal transfer ink is sandwiched between two protective layers of PET (polyester film), protecting the text against the effects of liquids, abrasion, temperature, chemicals and sunlight.
