

Part Number: PS-i1

Description: LED Inspection Light

The PS-i1 is a pocket size inspection light with power and portability at its core. Its 6 SMD LEDs provide a strong working light of 175 Lumens, enabling a wide working light for any number of situations. Its is made from tough ABS, providing extra durability for the most challenging of environments. Built into its construction are two strong magnets. With one on its base and the other built into a pocket clip; it can be used handsfree in many environments. The PS-i1s body is sleek in design and with an ergonomic grip and weight of only 51 grams, it is both lightweight and comfortable to use.
