Dear < Customer FSE Last Name>,

Subject: Last Time Buy for Legacy Pressure Sensors

Due to unanticipated disruption in the supply chain, effective immediately, Honeywell Sensing and Internet of Things (SIoT) will no longer support the following legacy Pressure Sensor products, with part numbers listed below.

Honeywell values its customers and realizes that incorporating other Honeywell sensors into their applications may require transition time. Accordingly, Honeywell is able to facilitate a Last Time Buy for customers to help ease that transition.

Please place your last order by January 29th, 2019, as no orders will be accepted after this date. This provides our customers with more than 40-day period to analyze upcoming demand requirements and place an order. Honeywell reserves the right to review last time buy orders to determine if they can be filled and if Minimum Order Quantities (MOQ) apply greater than published MOQ. Orders placed under this last-time buy opportunity will be non-cancellable and non-returnable.

Please consult the Appendix enclosed for a list of affected part numbers and replacements.

If you have any questions, please contact your Honeywell sales consultant, your sales representative for Honeywell products, or me

Sincerely,

Robert Robinson

Senior Global Product Manager
