

## R18TP-0 | 18V Cordless Water Transfer Pump

- Cordless water pump ideal for numerous water transfer applications, such as removing water from flooded areas, blocked bathtub or water basins.
- Fast flow rate of 1500 litres per hour, able to empty a full bathtub in just under 3 minutes.
- Powerful motor can pump water up to 14 metres high.
- Intelligent electronics protect the pump from jam and running dry to enhance durability.
- Transfer up to 1000L of water with the Lithium+ 5Ah battery RB18L50.

|  | R18TP-0           |
|--|-------------------|
| Charger included?                        | No                |
| Flow rate (l/h)                          | 1500              |
| IPX rating                               | 4                 |
| Max. suction lift [m]                    | 2.5               |
| Max. water lift [m]                      | 14                |
| Max. water temperature [°C]              | 35                |
| No. of batteries supplied                | 0                 |
| Particle size [diameter] [mm]            | 2.5               |
| Power                                    | 18V               |
| Sound Power [dB Lwa]                     | 91                |
| Sound power level [dB(A)]                | 73.9              |
| Sound power level uncertainty [dB(A)]    | 3.0               |
| Sound pressure level uncertainty [dB(A)] | 3.0               |
| Supplied in                              | Recyclable Carton |
| Voltage (V)                              | 18                |
| Weight [without battery] [Kg]            | 1.4               |
| Weight with battery pack (kg)            | 1.8               |
