

Part Number: BWS-DAS-CD

Description: Brady Workstation Automation Software Suite

Overview

Use Brady Workstation Automation Suite to fully automate your label printing, helping to eliminate errors and ensure label format and layout consistency.

- Maximize label printing output. Eliminate manually creating and printing individual labels.
- Reduce mistakes. Remove the human element from the label creation process to reduce the potential for data entry errors or label template mistakes.
- Set it and forget it. Setup in five simple steps, then allow your team to focus on other critical tasks.
- Compatible with templates from Brady LabelMark labeling software
- Manage Files - Manage your Brady Workstation label files in one simple place.
- Label Settings - Manage printing adjustments and custom label supplies.
- Custom Designer - Complete, customized label creation and editing.
- Template Editor - Create templates with locked or editable elements for consistent label creation.
