USB-C
Dual-Personality
4-Port Integral
USB3 Hub & Charge Port

Integrated USB-C Hub Technology

MacBook Pro(tm) & MacBook(tm)

SurfaceBook(tm & SurfaceGo(tm)

Google(tm) PixelBook & Chromebook(tm)

Asus(tm) Zen & Dell(tm) XPS

High Performance USB-C Multi-Function Hub

Have the latest MacBook(tm), Surface Book(tm), Chromebook(tm) or other computer or device using the new, high-speed USB-C port and need regular, USB3 connectivity for your peripherals or data storage devices?

The exciting new Dynamode **C-TC-2in1-USB3HUB** is a 'dual personality' USB Type-C input port, or if needed, a regular USB3 input port - simply remove the inline plug!

Regular, SuperSpeed(tm) USB3 ports of up to 5Gbps speeds allow not only data storage devices like backup drives, memory sticks, but also regular peripherals such as keyboards, mice or almost any other USB3 (or USB2) device to be connected.

With the ability to charge your portable devices (when powered by a compatible, Type-C power supply) and a single, MicroUSB port, means you have total flexibility for your USB-C only computers and compatible devices.

A super-long connection cable (77cm approx) is supplied and the product is Plug n' Play with leading operating systems including Windows(tm), Mac(tm) OS X and Android(tm).

specifications:

High-Speed USB-C Multi-function Hub
