High-Performance USB Type-C Adapter Series

Do you have an existing,
MicroUSB digital device such
as phone, tablet or other
MicroUSB powered device?
Need to sync your data and
want to use your existing USB
Type-C cable?

The new Dynamode C-TC-MIC is a
compact, Plug n' Play adapter that simply
connects to almost all MicroUSB digital devices.

Use your existing USB Type-C cables to
immediately charge your device. Need to
transfer or sync your device data?

No problem. Hook up your USB-C cable
and use it as a regular MicroUSB cable, just plug
in the USB Type-C cable into the female Type-C
port and your ready to go.

Driverless in operation, stylish and robust
in design for your Android(tm) and other
MicroUSB connected devices.*
