Mobile RF Components Division Head

Hideaki Shimoda

Notice of Process Change

We will apply process change as follows :
Please review, and reply with instructions regarding this application by filling out the ANSWER SHEET below.

Name of change	Addition of the manufacturing site for RF LTCC filters		
Customer Part #	---	TDK Part #	---
Before	After	Remark	
TDK Akita Corporation	TDK Akita Corporation [Additional site] TDK Dalian Corporaion (China)		
Purpose In order to increase the manufacturing capacity of RF LTCC filters (Diplexer, Coupler, Balun, etc.) and to decrease the risk of the manufacturing site as a part of Business Continuity Plan, we are going to add the manufacturing site "TDK Dalian Corporation (China)". TDK Dalian Corporation has been already manufacturing RF LTCC filters. If you need any data, please ask our sales. Please fill out and send back the answer sheet below by May 31, 2018. We shall understand as you agree if there is no response until request reply. Attachments No.1 Process flowchart No. 2 List of TDK Part Numbers affected			
Schedule : Starting March 18, 2019	Request reply : By March 01, 2019	Attachment : <input checked="" type="radio"/> Yes . No
