HARTING Product Change Notification

PCN

Business Unit: HCS

PCN/19/006/C+N

Product range: HCS / Industrial Ethernet Kabel und
Kabelkonfektionen

Date: 2019-02-18

Author: Matthias Speer

Title: Change PPv4 old to PPv4 redesign for copper cable assemblies -
External

Details of Product Changes

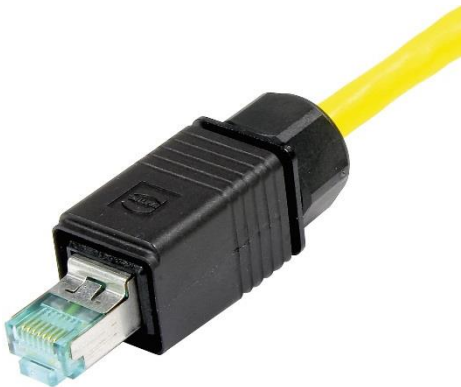

1. Concerned part number (see also attachment):

Please see next pages.

2. Description of changes / news:

In September 2017 HARTING announced the Product Launch of the new designed HARTING PushPull V4 Industrial. Because both connector designs are 100% mating compatible it is a logical step to announce the change of the parts in our HARTING PushPull copper cable assemblies from the old design to the new designed HARTING PushPull V4 Industrial.

Old product

New product

3. Impact on product specification:

- 100% Mating compatible between old and new design
- During the period of change there might be a mesh of the old and new design at our stock.

4. Scheduled date of implementation:

- 01st October 2019

Pushing Performance

HARTING Product Change Notification

PCN

5. Identification of change:

- *New Revisionlevel*

6. Data sheet (optional):

- *All datasheets will be updated and available on request*

Affected Material:

Material	Description
33204541780003	PushPull Cable, 20P Male to other 0.178M
