

Product Change Notification

LFPCN#: 41304

Issue Date: March 1, 2019

By: Eric Lineman

Global Product Manager

elineman@littelfuse.com

Type of Notification: Terminal SMD PPTC Assembly Automation

Description of Change:

This is to inform our valued customers that Littelfuse will optimize the assembly process of our terminal SMD PPTC products to a fully automated process to further improve production efficiency. We will go from a fixture process with semi-automated loading to a fully automated pick and place process for assembly and visual inspection.

All products have completed internal qualification and meet all specifications on their data sheets. Qualification data and samples are available upon request.

Part numbers will not change and there will be no change on product form, fit, and function. This will be a rolling change, effective as of June 1st, 2019. The affected part list can be found on page 2.

Please refer to the below picture of Automation Line

Additional Information

Please contact your local Littelfuse sales representatives if you have any questions regarding this product change notification.
