

190314495 Updated Errata for CP2112

Bulletin Issue Date: 3/14/2019

Effective Date: 3/14/2019

Description of Change

Silicon Labs is releasing updated Errata v0.4 for the CP2112.

The following errata items have been added and are active:

CP2112_E109 - HID reports for manufacturing/product strings missing last byte

CP2112_E110 - Get_Report (Feature Report 0x01) causes device reset

CP2112_E111 - Spurious input reports sent after device enumeration

Status for the following errata items has been updated:

CP2112_E101 - GetReadResponse May Return Incorrect Data

CP2112_E103 - No enumeration if I2C stuck low

CP2112_E104 - Address read request with NAK

CP2112_E108- Failure to enumerate

Reason for Change

Added and updated errata items.

Disclaimer

Silicon Labs intends to provide customers with the latest, accurate, and in-depth documentation of all peripherals and modules available for system and software implementers using or intending to use the Silicon Labs products. Characterization data, available modules and peripherals, memory sizes and memory addresses refer to each specific device, and "Typical" parameters provided can and do vary in different applications. Application examples described herein are for illustrative purposes only. Silicon Labs reserves the right to make changes without further notice and limitation to product information, specifications, and descriptions herein, and does not give warranties as to the accuracy or completeness of the included information. Silicon Labs shall have no liability for the consequences of use of the information supplied herein. This document does not imply or express copyright licenses granted hereunder to design or fabricate any integrated circuits. The products are not designed or authorized to be used within any Life Support System without the specific written consent of Silicon Labs. A "Life Support System" is any product or system intended to support or sustain life and/or health, which, if it fails, can be reasonably expected to result in significant personal injury or death. Silicon Labs products are not designed or authorized for military applications. Silicon Labs products shall under no circumstances be used in weapons of mass destruction including (but not limited to) nuclear, biological or chemical weapons, or missiles capable of delivering such weapons.
