Sample Availability Date (Changed Part)	February 15, 2019		
Planned Implementation Date	April 29, 2019		
Method of Identifying Change	Product made after planned implementation date can contain the change		

RELEASED

## Before Change

- The eyelets and metal LC adapter housing will be changed to prevent the eyelet from spinning. Shown below is the current design and the new design.

Current Design

New Design

## After Change

### Overview

- The circular eyelets used on the metal LC adapters can rotate when the mounting screw is installed multiple times. The design of the eyelets will be changed from a completely circular shape to a semi-circular shape with flats to prevent the eyelet from rotating.
- Product Impact**
  - Design changes to both the eyelet and the metal LC adapter housing.
- Part Number Impact**
  - See attached impacted parts list.
- Qualification Reports and samples available upon request after the date shown above

## Product Change Notification (PCN)
