

Tape Dispenser only shown for modeling purposes only

- A. Desco Europe packaging tape [242210](#) is a conventional self-adhesive PVC tape.
- B. It uses an acrylic gum adhesive. The tape is yellow and is printed in black with the ESD Sensitivity Symbol ( Ref: EN 61340-5-1) alerting that package contents are ESD sensitive and should be opened only by a grounded operator at an ESD protective workstation.
- C. The tape is tribocharging and is not suitable for use in an EPA. It is however suitable for sealing secondary packaging of electrostatic sensitive devices such as cardboard boxes.
- D. Roll width is 48mm, roll length is 66m.
- E. Tape printed with wording:  
*Attention*  
*Observe precautions for handling Electrostatic Sensitive Devices*

"ESDS, system or packaging marking shall be in accordance with customer contracts, purchase orders, drawing or other documentation. When the contract, purchase order, drawing or other documentation does not define ESDS, system or packaging marking, the organization, in developing the ESD control program plan, shall consider the need for marking. If it is determined that marking is required, it shall be documented as part of the plan."  
 [EN 61340-5-1 Clause 5.3.6 Marking]

Item	Description
