### DESCRIPTION AND PURPOSE OF CHANGE:

In order to enhance the product reliability, the production process has been improved.  
 There will be no change in form, fit, function, quality or reliability of the product.

### DETAIL OF CHANGE:

Additional tests have been implemented to the firmware (version 3.5.0) and production process for better detection of production failures.

Changes do not affect Bluetooth listing and radio certification.

The firmware version is available in the LOT number (please refer to chapter "Marking" in the product manual, firmware version = "305").

Samples of the new firmware are not available. The OTA update is available on the product's download section on the homepage.

### RELIABILITY / QUALIFICATION SUMMARY:

Product approval is according to internal requirements released by the Total Quality Department and the Product Management Department.
