

Jumper Wiring

Handy for making wire harnesses or jumpering between headers on PCB's. These premium jumper wires come in a 'strip' of 40 (4 pieces of each of ten colors). They have 0.1" contacts on either end and fit cleanly next to each other on standard-pitch 0.1" (2.54mm) header. We recently updated these so they are in a 'ribbon strip' instead of individual wires. You can always pull the ribbon wires off to make individual jumpers, or keep them together to make neatly organized wire harnesses.

Note: The length of the jumper wires is sometimes a bit longer than what is listed.

For best results, when plugging these in a line, have the sides with the 'silver latch bit' sticking out since that side is a tiny bit wider than 0.1"

Manufacturers part number	Description
266	Premium Female/Female Jumper Wires, 40 x 6" (150mm)
758	Premium Male/Male Jumper Wires, 40 x 6" (150mm)
759	Premium Male/Male Jumper Wires, 40 x 3" (75mm)
793	Premium Female/Female Jumper Wires, 40 x 12" (300mm)
794	Premium Female/Female Jumper Wires, 40 x 3" (75mm)
824	Premium Female/Male 'Extension' Jumper Wires, 40 x 12" (300mm)
825	Premium Female/Male 'Extension' Jumper Wires, 40 x 3" (75mm)
826	Premium Female/Male Extension Jumper Wires, 40 x 6" (150mm)
