

08-Jul-2019

PCN #:E-19-009625

Subject:MTA-156 Polarized Lock Header

Description of Change: Dimensional tolerance change from .073 (+.005/-.010) to (+.005/-.015). See zone C4 on Customer Drawing
Manufacturing process permits improved tolerance.

Reason: Product Improvement. Gap tolerance between contact & back face of housing updated, while still meeting customer requirement of mating and unmating force

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
