

DVR-WF1

HD Drive Recorder

Snooper DVR-WF1

Wi-Fi Enabled Dash Camera

DVR-WF1 is the latest dash cam to come from Snooper. It features a full 1080p HD camera shooting at 30fps and smart device App.

KEY FEATURES

Wi-Fi Enabled – Review footage and alter settings directly from your smart device using Wi-Fi and the dedicated App

HD Video Resolution – 1920x1080p Video Resolution guarantees quality recordings.

150° Viewing Angle – A wide recording angle ensures no details are missed whilst driving.

360° Rotation – Allows extensive fitment options to suit all vehicles by rotating vertically through 360°

GPS Time & Speed - Footage has the exact time, location & speed of the vehicle so there is no doubt of what happened, where!

PRODUCT FEATURES

Playback via Smartphone - Review your footage via our smartphone App. Available for both iOS and Android devices

3-Axis G-Sensor - The built-in G-Sensor detects impact from 3 separate directions, saving the footage to view later.

Parking Mode - Parking mode provides security while your vehicle is parked. If motion is detected or the G-Sensor is triggered, the camera will automatically wake up and start recording again. DVR-WF1 must be hard-wired for constant motion detection.

Multiple Video Quality Options - 1080p/ 30fps; 720p/ 60fps.

Built-in Microphone - Record any conversations within the vehicle before, during and after the incident.

8GB Micro SD Card Included - DVR-WF1 comes complete with a 8GB Micro SD card, so is ready to use out of the box.

Connect To Your Computer – Mini USB port allows connection of DVR-WF1 to your computer or laptop to view footage.

Plug-In GPS Antenna - Providing valuable additional information for any incident, DVR-WF1 comes with a GPS antenna that adds your location, speed and date stamp alongside video imagery.

Continuous Loop Recording - DVR-WF1 continuously records your journey, overwriting old footage whilst protecting recorded events and ensuring you never miss an incident.
