

Snooper S8110

Celebrating 10 Years of Truckmate

The S8110 sat-nav is the latest in large vehicle navigation from Snooper. With a crystal clear 7" LCD display plus built-in DVB-T2 'Freeview' tuner and Tyre Pilot compatibility, Snooper S8110 makes navigation easy and stress free.

KEY FEATURES

7" LCD Touch Screen - As the largest display on the market, S8110 delivers clear and easy to read navigation instructions and is ideal for large windscreened vehicles.

FM Transmitter - S8110 has a built-in FM Transmitter and a 3 Watt speaker for improved audible navigation instructions.

Tyre Pilot Compatible - Receive tyre pressure and temperature alerts through your sat-nav with Tyre Pilot compatibility, providing advanced warning of any potential tyre issues.

Bluetooth® Handsfree - If you have to receive a call whilst on the move you can do so safely with the S8110's built-in Bluetooth® receiver.

Built-in 'Freeview' TV - Perfect for that stop-over or driving break, S8110 comes with a DVB-T2 'Freeview' TV tuner built-in. Pick up your favourite TV shows, and never miss an episode.

PRODUCT FEATURES

Free Lifetime map updates - Ensuring S8110 mapping is up-to-date, all new Snooper sat-navs have free lifetime map updates as standard. (see www.snooperneo.co.uk for full details.)

TMC Traffic Information System - With FREE premium TMC built-in, S8110 will notify drivers of upcoming traffic congestion or incidents, allowing them to navigate along alternative routes whilst minimising delays.

Environmental Settings – Input the Euro Standard of the vehicle plus other emission factors to avoid LEZ's and any potential charges. S8110 even accepts load codes to return incredibly bespoke routes.

Extensive Points of Interest - S8110 has over one million points of interest built-in or available to download with specific data for truck drivers, caravan and motorhome owners.

Large Vehicle Lane Guidance - To ease the difficulties of driving larger vehicles, S8110 has large vehicle lane guidance, which gives drivers advanced warnings to upcoming junctions and the optimum lane for their vehicle.

Powered by Here™ Maps - Recognised as the market leading map data provider, all Snooper products are powered by Here™ Maps, plus additional large vehicle mapping for the Truckmate and Ventura versions.

Choice of Truckmate and Ventura Software - Pick software with features tailored to the vehicle with options for Trucks, Caravans and Motorhomes which deliver the best routes depending on the vehicle type.

Multi-Route Technology - Making a multi-stop journey can prove a challenge for any driver. But with S8110's multi-route function, simply add in the postcodes of up to 16 locations and S8110 will provide the best route for your vehicle.

8GB MicroSD Card Included - All mapping provided by Snooper is incorporated on an 8GB Micro SD card. This allows any future European map updates to be downloaded hassle free.

Mac and PC compatible – S8110 can be easily updated via Mac and PC. System requirements; Windows 7, 8 or 10, Mac OS 10.10 or later.
