

Honeywell Announces Obsolescence of Select Thermistors

Honeywell is announcing the last time buy for several Thermistors. A last time buy is being offered for the affected products listed below. Please refer to the Timeline of Events shown below for more details. These parts are chosen due to low sales volumes that do not support economies of scale which allows Honeywell to produce these parts for our customers efficiently.

During the transition time, customers are encouraged to place orders early for the parts that are going end of life. Due to a fixed amount of remaining capacity, fulfillment of last time buy orders will be limited and subject to cancellation at any time. It is recommended that orders be placed promptly to improve the likelihood of fulfillment.

AFFECTED PART NUMBERS

This announcement serves as the formal communication that the following SKUs will no longer be available for sale in accordance with the Timeline shown below.

WARRANTY/REMEDY

Honeywell warrants goods of its manufacture as being free of defective materials and faulty workmanship during the applicable warranty period. Honeywell's standard product warranty applies unless agreed to otherwise by Honeywell in writing; please refer to your order acknowledgement or consult your local sales office for specific warranty details. If warranted goods are returned to Honeywell during the period of coverage, Honeywell will repair or replace, at its option, without charge those items that Honeywell, in its sole discretion, finds defective. **The foregoing is buyer's sole remedy and is in lieu of all other warranties, expressed or implied, including those of merchantability and fitness for a particular purpose. In no event shall Honeywell be liable for consequential, special, or indirect damages.**
