XB Series Terminal Block Universal End Stop New Style ES35C-1 Announcement

Dear Valuable Customer:

This notice is to inform you that Eaton has introduced a new style of the universal end stop in the XB series of terminal blocks. This new style number is ES35C-1 and has the same catalog number as used before, XBAES35C.

The style of Universal End Stop previously used is available under a new catalog XBAES35C2 and style ES35C2. A side-by-side comparison of the two styles is available below in figure 1.

Figure 1: XBAES35C2 (left), XBAES35C (right)

Note that the ES35C-1 end stops are readily available and stocked in our warehouses. For assistance with the universal end stop transition, please work directly with the following contacts:

- Your local Eaton sales representative
- Eaton's Technical Resource Center at 1-877-ETN-CARE (386-2273)

Further information including product features, technical data, and documentation can be found at www.eaton.com/XB
