

Light is OSRAM

15.08.2019

Dear Customer,

please find attached our **preliminary** OSRAM OS PCN:

## Preliminary PCN OS-PCN-2020-007-A New Separation Technology for IR Pulsed Laser SPL PL90

Important information for your attention:

The information contained in this preliminary PCN is intended

- to inform our customers upfront about upcoming important product / process changes
- to provide to our customer a background of the intended change and the information about the qualification plan
- to get feedback on specific customer requirements at an early stage. For this, you may use the customer feedback form on the end of this document.

The corresponding **final PCN** containing the results from reliability testing is scheduled to be published on **17.02.2020**.

Your attention and response to this matter is highly appreciated.

**Please direct your inquiries to your local Sales office.**

## New Separation Technology for IR Pulsed Laser

### SPL PL90

<b>Subject of change:</b>	New Separation Technology for IR Pulsed Laser SPL PL90	
<b>Affected products</b>	SPL PL90	
<b>Reason for change:</b>	1. Improved automatization of singulation processes 2. Additional design changes on p-side	
<b>Description of change</b>	Please refer of customer information package 2_cip_OS-PCN-2020-007-A_Preliminary PCN	
<b>Product identification:</b>	Date code	
<b>Time schedule for PCN material (after implementation of change):</b>	Final qualification report	15.02.2020
	Samples available	will be produced on request
	Intended Start of delivery	01.04.2020 <sup>*)</sup> , <sup>**)</sup> *) or earlier if released by customer and upon mutual agreement **) mixable technologies
<b>Assessment:</b>	No change in mechanical dimensions No change in electro-optical performance No change in reliability	
<b>Documentation:</b>	2_cip_OS-PCN-2020-007-A_Preliminary PCN	

Note:

PCN material: Products with implementation of the changes as described in the PCN.
