

05-Sep-2019  
PCN #:E-19-011079

**Subject:**MQS SOCKET CONTACT / MQS PIN CONTACT

**Description of Change:** 2 serration variants of MQS (Locking Lance, Pin & Clean Body versions) will be set obsolete and fully replaced by the 3 serration variants due to their technical advantages. For further details please refer to the appendix. Same applicators can be used (please see MQS Application Specification 114-18021 & 114-18025).

**Reason:** Discontinuance. Dear Customer, You are receiving this notice because TE Connectivity has record of you purchasing a part or multiple parts on the list below. Within our continued efforts to manage/ optimize our product portfolio throughout the lifecycle, we've made the decision to obsolete the parts stated thereafter. There is technical advantage of replacement parts with 3 serrations (please refer to the text above) For further detailed information please get in contact with Christian.Bergmann@[te.com](mailto:Christian.Bergmann@te.com)

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
