

# CLIFF

## DUST COVERS

This range of dust covers are designed to fit **CLIFF** Feedthrough connectors. There are Dedicated covers for RJ45, USB2/3-A, USB2-B, USB3-B, USB-C and HDMI. They simply push into the front of the connector to reduce ingress of dust and dirt. There is a small hole in the front to allow covers to be tied together if necessary. We also supply separate lanyards. Total of 6 models.

We also have a Universal dust cover which fits over the front of most feedthrough connectors. (except ST/ Fibre). It will also fit our Cliffcon sockets and various XLR connectors (non latching)  
Both types fit our plastic and metal feedthroughs. Standard colour is Black. Custom colours subject to viable quantity.

**Part No.**  
**CP30291** - DUST COVER FOR RJ45 - BLACK
