## High-Gain, High-Performance Dual-Band Wireless Adapter

Looking to upgrade your existing client WiFi setup with the added advantage of a high-gain, integral antenna and dual-band WiFi benefits?

Or, are you wanting to take advantage of your latest Broadband 802.11ac Router and want to enjoy a fully immersive multimedia experience without any of that annoying movie buffering or gaming lag?

The new Dynamode **WL-700-ART-AC3** allows an instant WiFi upgrade to your laptop, PC, Mac or Media Centre via the USB port to allow a vastly superior WiFi signal via its high-gain external antenna. Up to around x10 the power when compared to other vendors, non external antenna designs.

Finally we take your security of paramount importance which is why we include the latest encryption protocols together with cross-platform compliance with Windows(™), Mac OS X (™) and Linux(™) runtimes.
