Product range: Interface connectors / har-link

Date: 2019-07-19

Author: Rainer Bussmann

Title: har-link change of available colours - External

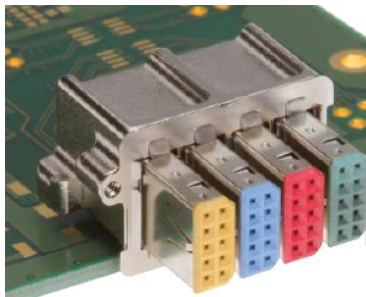

Details of product termination

1. Concerned part number (see also attachment):

27211218002 *har-link* female connector -red
27211218005 *har-link* female connector - green
27211218006 *har-link* female connector - blue

2. Reason for termination:

We are offering our *har-link* female interfaces in several different colours:

The sales figures of some colours are close to zero, additionally the availability of some coloured raw material is critical.

By far the biggest sales volume is beige colour only, we talk about more than 90% of the sales. In order to keep further colours available we decided to keep black, yellow and beige colours and terminate the other ones.

3. Possible replacement products

27211218000 *har-link* female connector -beige
27211218004 *har-link* female connector - yellow
27211218010 *har-link* female connector - black

4. Scheduled date of:

These changes are immediately effective, please contact us for further details.

5. Data sheet (optional):
