

## Product and Company Identification

Product Description: Solder Wire

### Manufacturer

Premier Farnell plc  
150 Armley Road, Leeds, LS12 2QQ  
+44 (0) 8701 202530

### HR. Emergency Telephone Numbers

+44 1865 407333

## Hazards Identification

GHS Classifications

Health:

Target Organ Toxicity (Repeated exposure), Category 1  
Reproductive Toxicity, Category 1

### GHS Label

Exclamation  
mark

Health  
hazard

Environment

**Signal Word:** Danger

### Hazard Statements

H373: May cause damage to organs (state all organs affected, if known) through prolonged or repeated exposure (state route of exposure if it is conclusively proven that no other routes of exposure cause the hazard).

H360: May damage fertility or the unborn child (state specific effect if known)(state route of exposure if it is conclusively proven that no other routes of exposure cause the hazard).

H411: Toxic to aquatic life with long lasting effects.

## Precautionary Statement(S)

### Prevention:

P264: Wash hands thoroughly after handling.

### Response:

P305+P351+P338: If In Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P301+P312: IF SWALLOWED: Call a Poison Centre/ doctor/physician if you feel unwell.

P301+P330+P331: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.

### Storage:

P405: Store locked up.

### Disposal:

P501: Dispose of contents/container in accordance to local/regional/national/international regulations.

## Potential Health Effects

**EYES:** Fumes from this and other soldering products may cause eye irritation.

**SKIN:** Fumes from this and other soldering products may cause skin irritation.

**INGESTION:** Ingestion of this or other soldering products may cause headache, nausea, and muscular pain.

**INHALATION:** Inhalation of the fumes from this or other soldering products may cause headache, nausea and muscular pain.

**CARCINOGENICITY:** Not listed as a carcinogen by NTP, OSHA, or ACGIH.

**MEDICAL CONDITIONS AGGRAVATED:** Pre-existing conditions of the lungs, kidneys, nervous system and possibly reproductive systems; diseases of the blood forming organs

**ROUTES OF ENTRY:** Inhalation, ingestion, eye or skin contact.

## Potential Health Effects

**Eyes:** Fumes from this and other soldering products may cause eye irritation.

**Skin:** Fumes from this and other soldering products may cause skin irritation.

**Ingestion:** Ingestion of this or other soldering products may cause headache, nausea, and muscular pain.

**Inhalation:** Inhalation of the fumes from this or other soldering products may cause headache, nausea and muscular pain.

**Carcinogenicity:** Not listed as a carcinogen by NTP, OSHA, or ACGIH.

**Medical Conditions Aggravated:** Pre-existing conditions of the lungs, kidneys, nervous system and possibly reproductive systems; diseases of the blood forming organs

**Routes of Entry:** Inhalation, ingestion, eye or skin contact.

## Composition / Information On Ingredients

Chemical Name	Wt. %	CAS
Tin	58.2 - 59.8	7440-31-5
Lead	38.5 - 39.1	7439-92-1
Hydrogenated Rosin	< 3	65997-06-0

## First Aid Measures

**Eyes: Moulten Product:** Cool burns with plenty of low-pressure water. Get immediate medical attention.

**Solid Product:** Remove any contact lenses. Immediately flush eyes with large quantities of water for at least 15 minutes. Get medical attention if irritation develops.

**Skin: Moulten Product:** Immediately cool skin burns with water and cold packs for at least 15 minutes. Do not put ice directly on the skin. Do not attempt to remove solidified product from the skin, as damage may result. Get immediate medical attention. **SOLID PRODUCT:** Immediately wash skin with soap and copious amounts of water. Use lotion to prevent dryness. Get medical attention if irritation develops.

**Ingestion:** If person is conscious, immediately give 2 glasses of water. Do not induce vomiting. Get immediate medical attention.

**Inhalation:** If symptoms of overexposure are experienced, evacuate to fresh air. If symptoms persist, seek medical attention.

## Signs and Symptoms Of Overexposure

**Skin:** Discomfort or rash.

**Inhalation:** Irritation of the pulmonary system.

**Chronic Effects:** Prolonged or repeated exposure due to ingestion may cause anaemia, insomnia, weakness, constipation and abdominal pain. Prolonged or repeated exposure due to skin exposure and inhalation may cause skin rash and damage to the mucous membranes.

**Comments:** If victims of chemical over-exposure are taken for medical attention, give a copy of the label or this SDS to the physician/health care professional.

## Fire Fighting Measures

**Extinguishing Media:** Alcohol foam, carbon dioxide, or dry chemical.

**Explosion Hazards:** Closed containers may explode when exposed to fire conditions.

**Fire Fighting Equipment:** Self contained breathing apparatus with full face piece operated in positive pressure demand mode, appropriate turn-out gear and chemical resistant personal protective equipment is recommended.

## Accidental Release Measures

**General Procedures:** If the material is in its solid state, pick up and reuse. When molten, allow to solidify, and then reuse if it is not contaminated. If contaminated, refer to Section 13 for proper disposal procedures.

**Release Notes:** Avoid repeated or prolonged breathing or skin contact. Wash hands immediately, and remove material from under the fingernails.

## Handling And Storage

**General Procedures:** Do not store or use near sparks or open flames. Keep containers tightly closed and upright when not in use in order to prevent leakage.

## Exposure Controls / Personal Protection

**Engineering Controls:** General (mechanical) room ventilation is expected to be satisfactory where this product is stored and handled and in closed equipment. Special local ventilation is needed at points where vapours can be expected to escape into the workplace air.

### Personal Protective Equipment

**Eyes and Face:** Face shield, safety glasses with side shield or chemical splash goggles. When working with molten material, face shield is recommended.

**Skin:** Rubber, chemical resistant gloves. When material is heated, wear gloves to protect against thermal burns.

**Respiratory:** Not normally needed in well ventilated areas. If the ventilation is insufficient to remove smoke from soldering processes, use NIOSH / MSHA approved cartridge type respirator.

**Protective Clothing:** Protective clothing and safety shoes as necessary to minimize contact.

**Work Hygienic Practices:** Good personal hygiene practices should be used. Wash after any contact, before eating, and at the end of the work period.

**Other Use Precautions:** Eye wash station and quick drench safety shower in immediate work area.

## Physical And Chemical Properties

**Odour:** Odourless.

**Appearance:** Metal in wire form.

**Colour:** Silver gray

**Flash Point and Method:** Not Applicable

**Flammable Limits:** Not Established

# Safety Data Sheet

multicomp<sup>PRO</sup>

**Auto Ignition Temperature:** Not Applicable  
**Vapour Pressure:** 1 mm Hg at 866°C (1591°F)  
**Vapour Density:** Not Determined  
**Boiling Point:** 1380°C (2516°F) @ 760 mm Hg  
**Melting Point:** 183°C (361°F) (alloy)  
**Solubility In Water:** Partially Soluble

## Stability And Reactivity

**Hazardous Polymerization:** Will not occur under normal use and storage conditions.  
**Stability:** Stable under ordinary use and storage conditions.  
**Hazardous Decomposition Products:** May emit toxic fumes of carbon monoxide and carbon dioxide.  
**Incompatible Materials:** Strong acids and strong oxidizes should be avoided..

## Toxicological Information

**General Comments:** No toxicological information available at this time.

## Ecological Information

**General Comments:** No information on ecological toxicity or biodegradability is available at this time.

## Disposal Considerations

**Disposal Method:** Dispose of this material, contaminated absorbent material and other contaminated materials in an approved waste disposal facility, according to all applicable Federal, State, and Local regulations. Recovery and reuse, rather than disposal, should be the ultimate goal in handling efforts.

## Transport Information

**Dot (Department Of Transportation)**  
**Proper Shipping Name:** Not regulated by Dot  
**Air (ICAO / IATA)**  
**Shipping Name:** Not regulated  
**Vessel (IMO / IMDG)**  
**Shipping Name:** Not regulated  
**Canada Transport Of Dangerous Goods**  
**Shipping Name:** Not regulated

## Regulatory Information

**United States**  
Sara Title III (Superfund Amendments and Re-authorization Act)  
**311/312 Hazard Categories:** Chronic health hazard.  
**313 Reportable Ingredients:** Lead CAS# 7439-92-1 (weight percentage can be determined from product label)  
**Cercla (Comprehensive Response, Compensation, And Liability Act)**  
**Cercla Regulatory:** As a solid in wire form, there in no reportable quantity (RQ) for this product. However, if it is cut into pieces smaller than 100 micrometers, the RQ for silver is 1000 lbs., and the RQ for copper is 5000 lbs. Please contact local authorities to determine if there are any local reporting requirements.

# Safety Data Sheet

## TSCA (Toxic Substance Control Act)

**TSCA Status:** All ingredients are listed or are exempt from listing (as polymers) on the Toxic Substances Control Act (TSCA) Chemical Substance Inventory.

**California Proposition 65:** When used for soldering and similar applications chemicals may be produced which are known to some states to cause birth defects or other reproductive harm.
