

Technical Specification

15m Case Reel

HMU15134SL

Features

- » Robust case reel, with four shuttered sockets
- » Safety thermal cut-out
- » Power on/off switch
- » Power LED indicator
- » Optimised design for ease of use and storage
- » Easy wind handle and rear grip

Description

A compact, easily portable solution with an innovative design. Fixing points in the base allow the reel to be mounted for storage or while in use. The socket includes an LED power indicator and switch to allow you to control the power where you are working. This case reel is perfect for home, garden or workshop use and is ideal for DIY. For your additional safety, a thermal cut-out is integrated into the reel and cuts the power if the reel becomes warm due to overloading when reeled.
