

Etch Resist Pen

Economy Permanent Waterproof Ink Pen

This blue **etch resist pen** is ideal for use on plain copper boards but can be used on almost any surface.

- Excellent smudge-proof and waterproof qualities
- Dries in seconds
- Ideal for left-handed users
- Permanent, low-odour ink
- Polypropylene barrel and cap guarantee long service life
- Can be left uncapped for days without drying up
- Automatic pressure equalisation prevents pen from leaking on board aircraft
- Line width approx. 0.6mm
- Refillable

Circuits can be drawn on plain copper laminate and then etched in Ferric Chloride
