

## Portable Wireless Charging Power Bank - 10,000 mAh, Qi Certified, Apple and Samsung Compatible, Black

MODEL NUMBER: UPB-10K0-1U1CQ

Portable wireless phone charger transfers battery power to your Qi device without connecting a troublesome cable between them.

### Features

#### Wireless Cell Phone Charger Delivers up to 10W for Apple and Samsung Phones

Who wants to plug and unplug power cords when you just want to charge your cell phone? The UPB-10K0-1U1CQ makes charging more convenient by doing it wirelessly. Just place your Qi-certified device on the round charging pad. That's all there is to it. This wireless phone charger even works through most protective phone cases up to 5 millimeters. Note: please remove any magnetic or metal objects from your phone or case before charging.

#### Compatible with Qi-Certified Cell Phones to Ensure a Safe, Flawless Charge

The UPB-10K0-1U1CQ works with all Qi smartphones from Apple, Sony, LG, Samsung and other popular brands. It protects your expensive device from overheating and overcharging that could lead to internal damage. An LED glows blue to indicate the charging process is underway. Another glows red to let you know your phone is at 100%.

#### Charges up to 2 Wired Mobile Devices at the Same Time or 1 Wirelessly for the Ultimate in Convenience

In addition to the wireless charging pad, this portable phone bank includes two charging ports that allow you to charge up to two wired devices simultaneously. The USB-A port supports a 5V 2A output for convenient charging. The USB-C port supports an output of 5V 3A and inputs of 5V 2A or 9V 1.1A. All devices are protected against short circuits, overheating, overcurrent, overvoltage and overcharging. Note: Both USB ports will be inoperable when wireless charging is enabled.

#### Thin Power Bank Is Ideal for Home, Office or On the Road

The portable wireless phone charger's narrow design lets it fit comfortably on your desktop or bedside table for convenient charging. It also slips easily into a purse, briefcase or laptop bag to maintain battery power on the go. An included USB cable connects the power bank to an appropriate USB-A port on a computer or wall charger to keep it at top capacity.

### Highlights

- Charges your Apple iPhone or Samsung Galaxy wirelessly with no cable needed
- Includes USB-C and USB-A ports for charging 2 wired mobile devices at the same time
- LED glows blue during charging and turns red to indicate device is fully charged
- Charges your smartphone through its protective case to avoid the hassle of removing it
- Universally compatible with all Qi-certified smartphones and other devices

### Applications

- Charge a Qi-certified smartphone wirelessly when plugged into a USB power source or standing alone as a 10,000mAh portable power pack
- Connect USB-A and USB-C charging cables to supply power to as many as 2 mobile devices simultaneously

### System Requirements

- Compatible with all Qi-certified smartphones, including Apple, Sony, LG, Samsung and Nokia

### Package Includes

- UPB-10K0-1U1CQ Portable Wireless Charging Power Bank
- USB-C to USB-A cable, USB 2.0, 3 ft.

- Owner's manual
