ETI SYSTEMS
PRODUCT CHANGE NOTIFICATION
“MW10 Series Potentiometers”

Dear Valued Customer:

Our records show that we currently supply to you the ETI Systems product or product family listed below. This letter is to inform you we are implementing a change to the product.

Regarding our MW10 series wirewound potentiometers, the current aluminum housing will transition to a “high temp thermo plastic” housing as of April 1, 2020. The new housing will be black in color and meets all industry standards set forth in RoHS3 and REACH.

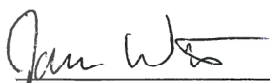

The MW10 housing change will not impact the form, fit, function, quality or reliability of the potentiometer.

Part series: MW10

Part numbers: Various

Date codes effective starting with: 2004
