

LKC

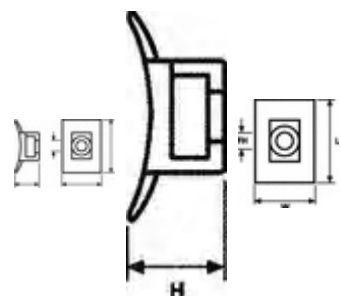

151-27019

The LKC mounts give additional support to the cables by means of their curved design. Simple to install with a screw or bolt they give excellent security, particularly in areas of high vibration.

Designed specifically for holding heavier cable bundles these mounting bases can be used in many industries from agriculture to truck manufacture. They offer a very secure fixing and can be used with a wide variety of heavy duty cable ties up to 13mm wide.

Short Description

Both the LKC & LKCSF1 mounts give additional support to the cables by means of their curved design, whilst the LKCR and LKCS are the 'screw mounted' versions of the popular LKCRSA and LKCSSA self adhesive mounts. Simple to install with a screw or bolt they give excellent security, particularly in areas of high vibration.
