

RoHS  
Compliant

## Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

## Safety and health

When using this products, the physical, safety technical, toxicological and ecological data and regulations in our EC safety data sheets must be observed.

## Waterproof provides lasting protection

Hand Protective Foam forms a grease-free, invisible and waterproof protective film which prevents the most diverse types of contaminants from penetrating the skin and pores. This “invisible glove” protects against contaminants and irritants from aggressive chemical substances. The usage of liposomes greatly improves the care effect.

Hand Protective Foam can be used in many sectors.

## Technical Data

Odour	Odourless
Features	with liposomes
Storage stability	24 months
Colour	White
ISSA-Code	53.402.16
IMPA-Code	45 08 36

## Processing

Before starting to work, spray the foam onto the hands and rub it in, not omitting the finger tips and nail beds. Leave it on for 2 minutes until it forms a waterproof and invisible protective film free of grease. It prevents residues of lubricants and soiling of the most different kinds from penetrating skin and pores. After work, the dirt can be washed off very easily with warm water. Only in cases of heavy soiling, use additional cleaning agents.

Hand Protective Foam has been dramaturgically tested.

## Part Number Table

Description	Part Number
Hand Protective Foam, White, 200ml	MP004343
