

◆ PRELIMINARY ENGINEERING DATA SHEET ◆ CL07 Double TO-220 Clip

◆ 6263B-CL07

◆ 6030PB-CL07

Thermalloy's double clip is offered as a solution to those requiring an economical means of attaching two TO-220 packages to low cost stamped heat sinks. The double clip provides for clip attachment of one or two TO-220 packaged devices to either side of the heat sink base and provides solderable tabs for attachment to the PCB. Stabilizing feet are provided to prevent the heat sink/device assembly from rocking on the PCB prior to wave soldering. TO-220 devices can be inserted either from above or below the clip. Sufficient clearances are provided to allow the use of insulators between the devices and heat sink.

SUGGESTED HOLE PATTERN	COMPATABLE HEAT SINKS		
	CAT. NO.	NAT. CONV. R_{θ} (°C/W)	200 LFM R_{θ} (°C/W)
<p>* KEEP-OUT AREA FOR STABILIZING LEGS. ** PERIMETER OF CLIP.</p>	6030PB	12.5	7.5
	6263B	8.8	7.6
	7023B	4.4	3.3
	7024B	5.6	4.0
	7025B	6.8	5.0

Ordering Information:

Heat sink part number + finish + dash clip part number = ordering part number

Example: 6263 + B + -CL07 = 6263B-CL07 = 6263, black anodized with a CL07 Clip attached.
