

Salter Brecknell 630 Counting Scale

Salter Brecknell's 630 Series Counting Scale, available in three capacities, is an easy-to-use, high-resolution counting scale featuring keyboard tare and unit weight entry, as well as a memory accumulator.

Used in a durable ivory-colored plastic enclosure, the unit displays its numerals on a 16-digit VFD-type display.

A 20-key membrane panel contains all of the scale's functions and allows entry of numeric data. A removable 8" x 9" stainless steel platform allows for easy cleaning when used to count greasy or dusty items. A plastic skirt is also included to protect the scale's outer enclosure.
