

## Solar Wall Security Light - 20 LED Model: PEL01364

#### Please read these instructions carefully before use and retain for future reference.

#### IMPORTANT SAFETY INFORMATION

- Avoid locations of high temperature or humidity.
- The lamp is rated at IP65 for external use.

#### WHAT'S INCLUDED

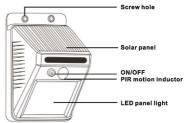

- Lamp assembly.
- User manual.
- Pack of screws and wall plugs.

### POSITIONING

- The lamp is suitable for mounting on plasterboard, wood or masonry surfaces.
- It should be mounted in a position of maximum sunlight for optimum charge of the internal battery.
- Before drilling any fixing holes, check that there are no hidden obstructions behind the mounting surface such as pipes or cables.

#### INSTALLATION

- Ideally mount the lamp 3 metres above ground for maximum sensing of movement detection.
- Offer the lamp to the surface and mark the location of the fixing holes.
- Drill the wall if required, fit the wall plugs then attach the lamp using the screws provided.

#### OPERATION

#### • Allow at least 8hrs for the battery to fully charge initially.

NOTE: the lamp does not light except in low ambient light levels.

• Press the button once to switch on and press again to turn the lamp off. **On:** the lamp remains off and only at low light levels will illuminate on detection of motion. The lamp remains illuminated for 15 seconds after motion ceases then switches off.

#### **CLEANING & MAINTENANCE**

• Clean the unit only with a soft damp cloth. Do not use any chemicals, abrasives or solvents that could damage the casing or lens.

#### SPECIFICATION

Solar panel: 5.5V, 0.55W Battery: 1 x 18650 non-replaceable. LED: 20 x white SMD Colour LED: 6500K, white. PIR: detection wide-angle lens of 90-120 degrees, range 3m. Operating modes: 3 modes plus permanently off. Working time: up to 10 hours. Dimensions: L124 x W96 x H48mm.

# INFORMATION ON WASTE DISPOSAL FOR CONSUMERS OF ELECTRICAL & ELECTRONIC EQUIPMENT.

When this product has reached the end of its life it must be treated as Waste Electrical & Electronic Equipment (WEEE). Any WEEE marked products must not be mixed with general household waste, but kept separate for the treatment, recovery and recycling of the materials used. Contact your local authority for details of recycling schemes in your area.
