

Product Change Notification - 2020/07

Product Line:	powerCON	Part No:	NAC3PX-TOP
Piece Part:	Housing	Part No:	91220791090 91220781
Engineering Change Notification:	2019-0186, 2019-0187	Date:	05.02.2020
Comments:	Design change		
Affected products:	NAC3PX-TOP		
First Shipment of Modified Product:	N03		

Engineering Change Notice

The breach in the chassis front was necessary to show the yellow logo (1). As the color of the back cover was changed from yellow to black, the logo is now black anyway, so the breach was removed and the logo is now embedded directly in the front cover (2). The big advantage of this change is the elimination of a tricky sealing point.

OLD

(1) Breakthrough of logo from the back

NEW

(2) Logo now embedded in the front
