Working diameter 24 mm
Order number: 2615040932

The logo for DREMEL, featuring the word "DREMEL" in a bold, blue, sans-serif font with a white outline, set against a light blue background.

36 pieces in pack

For slicing and cutting in metal, wood and plastic. Cut-off wheels make it easy to cut or slot bolts, screws, sheet metal, thin wood and plastic. Fiberglass reinforced cut-off wheels (456, 426, 426B) are for tough applications. The cut-off wheel cuts only along its edge. Do not attempt to sand or cut curved holes with them. Use Dremel cut-off wheels with mandrel 402.
