

# 1300VA Management UPS PW-4130M

## Key features

- 1300 VA uninterruptible power supply (UPS) to keep electronic devices running when mains power is down
- Manageable via USB or serial port for status overview, remote monitoring, etc. (cables and software included)
- Up to 70 minutes of back-up time to save important data or to prevent damaged hardware
- Also provides protection against common power problems such as voltages sags and spikes
- 4 protected outputs for PC, monitor and other important peripherals
- Extra reliability for connected devices thanks to RFI filter, surge protection, AVR function and modem/fax/phone protection
