

Yukon 3x42mm Sea Wolf Night Vision Monocular 24022WP is as versatile as it is powerful. [Yukon](#) has engineered these multifunctional units to quickly evolve from hand-held to monocular goggle or [rifle scope](#). **Yukon 3x42 Multitask Night Vision Monocular** also features [Yukon's](#) exclusive PULSE IR Illuminator, which sends quick I.R. energy bursts penetrate further, increasing distance visibility and image quality.

With so many features, **3x42mm Sea-Wolf** by [Yukon Advanced Optics](#) is the ultimate in multi-tasking night vision units and serves all your night vision needs. Newly developed lenses allow for increased wavelength/contrast characteristics to maximize light amplification. There is no reason to limit your [Night Vision](#) to one use when the [Yukon NVMT Rifle Scope Kit 29045](#) allows so many applications. In addition, each **Yukon 3x 42 NVMT Sea Wolf Monocular** is capable of being submersed in one meter of water for 30 minutes without any damage.

Specifications for Yukon 3x42mm Seawolf Monocular 24022WP:

Generation:	1
Magnification:	3x
Lens Diameter (mm):	42
Field of View (?):	20
Resolution (lp/mm):	32-36
Focus Range (yd):	5 to Inf.
Eye Relief (mm):	12
Diopter Adjustment:	+/- 5
Detection Distance (yd):	Up to 250
IR Illuminator Effective Distance (yd):	Up to 100
Battery:	3V (CR123A)
Estimated Battery Life (w/out IR):	Up to 30 Hours
Water Resistance Grade:	IPX6 / IPX7
Operating Temperature (?F):	-22 to +104
Dimensions (in):	6.4 x 3.4 x 2.4
Weight (oz):	17.6
