

NEW PRODUCT RELEASE

Ferrule & Tool Kits

Ferrule Kits:

Convenient and stackable kits with WAGO ferrules give the customer the ability to standardize their ferrule use with pre-determined ferrule sizes, color-coded for easy identification. Increasingly, ferrules are becoming required, making this kit the perfect option for all wiring technicians on the production floor. The ferrule kits hold 6 different size and color ferrules – 4,400 pieces in total. Empty kits are offered as well, allowing customers to create their own combinations of ferrules or other small components.

Tool Kits:

Convenient and stackable kits with WAGO tools give the customer the ability to standardize their wire stripping and crimping process. The Quickstrip 10 easily cuts and strips wire, and the Variocrimp 4 crimps insulated or uninsulated ferrules. Empty kits are offered as well, allowing customers to create their own combinations of ferrules or other small components.

Features/Benefits:

Six compartments for storage	Six different types of ferrules included
Quickstrip tools	Save time with fast and accurate cutting and stripping
Variocrimp	Highest quality tool on the market produces a gas-tight crimp regardless of user
Stackable design	Easy storage and transportation with other kits

Properties:

	Ferrule Kit		Tool Kit
Item Number	60348433		60348435
Dimensions (H x L x W)	260 x 155 x 63 mm		260 x 155 x 63 mm
Included	Ferrules	Quantity	Quickstrip 10 (PN 206-124): Strips 24 - 8 AWG Variocrimp 4 (PN 206-204): Crimps 24 - 12 AWG
	216-241 (20 AWG)	1,000	
	216-242 (18 AWG)	1,000	
	216-243 (18 AWG)	1,000	
	216-264 (16 AWG)	500
