**Subject:**Notification of packaging changes for -STK tubing products

**Description of Change:** This is a notification informing TE Connectivity customers that the packaging boxes used for the tubing -STK products will be changing.

**Reason:** Product [improvement.We](#) are moving to a more robust design that will give better protection to the tubing products during transportation. The boxes are moving from a square profile to a rectangular one with different cardboard and latching method. We will be transitioning boxes as existing packaging is consumed so not all product will change at the same time.
