## Resin Material Change

Dear all

Best wishes and thank you for your continuous support.

We are writing to inform you that we will change the resin material of our products below as follows.

Best Regards

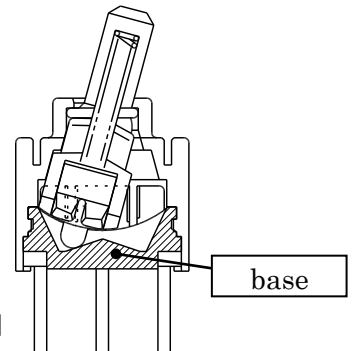

### 1. Influenced products

- Toggle switch FT series
- Toggle switch CFT2 series
- Rocker switch FL series

### 2. Details

- Material change

Component name	Before change	After change
Base	PA (polyamide) Containing PFOA	PA (polyamide) PFOA free

This is only a change to PFOA free material, and the material manufacturer and product brand name remain the same.

This material change will bring no change to the product specifications.

### 3. Reason for the change

In order to conform to the EU REACH restriction on PFOA (CAS 335-67-1), its salts And PFOA-related substances. (Effective from June 4th, 2020)

### 4. Time to change

Switch by products produced in June 2020. (Classified by lot number)

And considering that the products are sold to many customers, please understand that we cannot handle the requests from your company such as marking out the first article.

For inquiries regarding this matter, please contact our sales offices.

※Apologies

When the material manufacturer contacted us: December 24<sup>th</sup>, 2019

When we finished our evaluation on the substitutive material: April 10<sup>th</sup>, 2020

We finished the selection of the substitutive material, preparation of the components, and the evaluation in a short time of 3.5 months, but we are still sorry for the late notice.

The end
