Product Change Notification for TMOV®25S Varistor Series: PCN# 5597E

Dear Valued Customer:

Littelfuse would like to notify you of product changes relating to TMOV®25S Varistor Series product's dimension, wire leads & electrode material and IEC certified agency. Please refer to the following change summary table.

	Current	New
Dimension of A _{max} , D _{max}	Please see attached the affected part number list for more details	
Wire Leads	Hot Tin Dipped Copper	Tin Plated Copper Clad Steel
Electrode	Ag	AL + Cu
IEC 61051-1, IEC 61051-2, IEC 60950-1 (Annex Q)	VDE: 40021525	TUV: J 50472797

These changes have no impact to product's original electrical parameters, wire lead pitch, quality, reliability, solderability, lead time and part number. New product samples and detailed qualification test report are available upon request.

These changes will be implemented starting from October 12th, 2020, during the change transition period, customers are expected to receive current and new products until current product inventory in Littelfuse warehouses and distribution channels are depleted.
