Product Change Notification

Title: **PCN #00113 TDK-Lambda Americas Inc. addition of product manufacturing location**

ZWS-BP, ZWS-RC and ZWS-BAF Power Supply Series Adding Nagaoka, Japan Production Site

Please be informed that the TDK-Lambda Nagaoka Technical Center, Japan production site will be added for the ZWS-BP, ZWS-RC and ZWS-BAF series of Power Supplies. These are currently manufactured in our Kuantan, Malaysia factory and the transfer started at the beginning of June, 2020 (see table on page 2).

This is to alleviate Malaysian manufacturing backlog delays due to COVID-19. Note that most of these models have previously been manufactured in the Japan facility.

There is no change to product form, fit or function and safety certification is not affected.

We assure you that the quality will remain the same with our QC and QA system in place, including ISO factory certification.

For any questions concerning this notification, contact your local sales office or TDK-Lambda Americas Inc. customer service.

A handwritten signature in black ink, appearing to read "Tom Tillman", enclosed within a hand-drawn oval.
